I DATA AND ACCESS

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

The Orchard School District was founded in 1856 by the early pioneers of Santa Clara Valley and was one of the first schools in San Jose, California. The district has been in existence for over 150 years. The school was founded on the principle of being an independent school that was dedicated to serving the needs of the community. Nestled in the heart of Silicon Valley, the former fruit orchards and garden areas are replaced by business and commercial centers. Today, Orchard School District serves the needs of students in grades transitional kindergarten through eighth grade in a beautiful, modern, state-of-the-art facility that provides a center for both school and community gatherings.

The district has a before and after school program for school age children and a preschool program operated by the Community Child Care Council (4Cs). The district has on its campus three Santa Clara County special education classes for autistic students. The Board of Education has been committed to providing leadership and direction to foster an educational environment that places students first. The Board established a set of core beliefs that is currently guiding the district through continual improvement.

-We are absolutely committed to providing a distinguished learning environment that ensures excellence and achievement for all our students.

-We believe that our teachers and staff are our most valuable assets and resources.

-We are fiscally trustworthy and dedicated to responsible financial accountability.

-We believe in and promote community involvement in Orchard School District activities.

-We operate openly with trust and integrity governing in a dignified professional manner, treating everyone with civility and respect.

A. CONDITIONS OF LEARNING

STATE PRIORITY: BASIC

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

NOTE: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Month and year in which data were collected: January 2019

School Facility Conditions and Planned Improvements

The Orchard campus is approximately twenty years old and retains the look of a new school. The school meets all requirements outlined in the Williams legislation. There have been no parent complaints regarding cleanliness or disrepair of the facility. The Board of Education has authorized several building projects to enhance educational programs for students in the last seven years, including a new Event Center, redesigned playgrounds, solar panels in the parking areas, remodeled classrooms and common areas, and classroom technology upgrades; which consisted of projectors, document cameras, teacher microphones and speakers. The Board of Education is always looking into new ways to improve and enhance the school grounds and facilities.

School Facility Good Repair Status

Using the most recent FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The Overall Rating

Month and year in which data were collected: January 2019

B. PUPIL OUTCOMES

STATE PRIORITY: PUPIL ACHIEVEMENT

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/ Literacy (grades 3-8 and 11)	51%	55%	51%	55%	48%	50%
Mathematics (grades 3-8 and 11)	46%	50%	46%	50%	37%	38%

NOTE: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

NOTE: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

NOTE: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

NOTE: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

NOTE: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

NOTE: Cells with N/A values do not require data.

NOTE: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

NOTE: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

STATE PRIORITY: OTHER PUPIL OUTCOMES

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education.

C. ENGAGEMENT

STATE PRIORITY: PARENTAL INVOLVEMENT

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement - (School Year 2018-19)

Orchard School is committed to providing a variety of activities and events to bring the community and parents together to promote involvement in the educational process. Involvement of parents and morale of students continues to soar. This is due to an active Parent-Teacher Association (PTA), as well as the school staff, whom welcomes and invites families to the school.

As per parent engagement survey results, parents and students indicated that they feel welcomed and take pride in being a part of the Orchard School community. Throughout the school year, there are various activities to showcase student learning and talents, including Back-to-School Night, Open House, and various student talent shows. Parents are also invited to participate in school governance through School Site Council/English Learner Advisory Committee, PTA, and Principal's Coffee. Highlights of parent/community events include PTA Movie Nights, Dollar Dances, an Annual Halloween Carnival, and Family Literacy Night.

STATE PRIORITY: SCHOOL CLIMATE

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan – (School Year 2018-19)

Orchard School has established school safety practices, which are listed as part of the Comprehensive School Safety Plan. These practices are implemented through monthly drills as conducted by school staff. Annually, students and staff are trained in following proper procedures and behaviors during various emergencies, including but not limited to earthquake, fire, and lockdown alerts. The lockdown process has been facilitated by the San Jose Police Department. Parent, staff, and community input, as well as input from local government agencies, has been incorporated into the Comprehensive School Safety Plan. The Comprehensive School Safety Plan is reviewed annually by the School Site Council, as well as the school board. The Board of Education reviews and approves the procedures listed in the Comprehensive School Safety Plan.

Types of Services Funded (Fiscal Year 2017-18)

Orchard School receives state and federal funding to equalize opportunities for at-risk students. Limited English proficient students receive support from primary language assistants in Vietnamese and Spanish. Title I, low achieving students, receive assistance from a reading specialist. The school has implemented several before and after school intervention programs in language arts and mathematics to assist students who are below grade level. Many teachers conduct after school tutorial sessions for students to help them acquire core content. In addition, volunteers assist students with reading and intervention classes are offered after-school for ELA, ELD, and Mathematics. Each summer, a summer school program for at-risk learners is operated to reinforce basic skills. The 4Cs operates a parent paid pre-school program on the Orchard campus serving infants through four year olds.

In addition, the district has developed an extensive range of opportunities for special education students on the district campus. From a district operated pre-school program to county autism classes, the campus accepts and mainstreams special needs students in a safe protected environment. This successful program continues to grow and service more students.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Since the 2015-16 school year, Orchard district has annually set aside three pupil free days for teacher professional development. This has been conducted for the past three years with much success. Teachers receive professional development related to standards-based materials in conjunction with the adoption and implementation of the curriculum. New staff members receive training from peers and their BTSA support provider. Teachers also receive training on the integration of technology into the delivery of instruction in core curriculum areas. Teachers receive instruction on how to utilize data to make instructional decisions in the classroom. Student discipline, motivation, and engagement have been important topics of discussion on teacher training days. In addition, many teachers participate in professional development workshops at the Santa Clara County Office of Education throughout the school year as they continue to implement the Common Core State Standards. These teachers then return from their trainings and provide professional development to the rest of the staff. Teachers also have the opportunity to attend the Teacher's College Summer Institute for reading and writing instruction.
