Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

Safety Plan Vision

We believe that it takes all educational partners, which includes our employees, students, parents, and community, to help create and facilitate a health and safe school environment.

Components of the Comprehensive School Safety Plan (EC 32281)

Orchard School Safety Committee

Assessment of School Safety

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others.

The Superintendent or designee shall oversee the development of a comprehensive school safety plan. (Education Code 32281)

The comprehensive safety plan shall be reviewed and updated by March 1 of each year and forwarded to the Board for approval. (Education Code 32286, 32288)

The Board shall review the comprehensive safety plan in order to ensure compliance with state law, Board policy, and administrative regulation and shall approve the plan at a regularly scheduled meeting.

By October 15 of each year, the Superintendent or designee shall notify the California Department of Education if the school has not complied with the requirements of Education Code 32281. (Education Code 32288)

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

Tactical Response Plan

Notwithstanding the process described above, any portion of the comprehensive safety plan that includes tactical responses to criminal incidents that may result in death or serious bodily injury at the school, including steps to be taken to safeguard students and staff, secure the school premises, and apprehend the criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code 32281. In developing such strategies, district administrators shall consult with law enforcement officials and with a representative of an employee bargaining unit, if he/she chooses to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials, provided that any vote to approve the tactical response plan is announced in open session following the closed session. (Education Code 32281)

Public Access to Safety Plan(s)

The Superintendent or designee shall ensure that an updated file of all safety-related plans and materials is readily available for inspection by the public. (Education Code 32282)

However, those portions of the comprehensive safety plan that include tactical responses to criminal incidents shall not be publicly disclosed.

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

With concern for the total well-being of each student, employees of the district shall report known or suspected incidences of child abuse in accordance with state law and district regulations. Our employees cooperate with the child protective agencies responsible for reporting, investigating and prosecuting cases of child abuse.

A. Definition of Child Abuse

"Child Abuse," as defined by law, pursuant to Penal Code 273 and 11165, includes:

1. Physical abuse resulting in a non-accidental physical injury.
2. Physical neglect, including both severe and general neglect, resulting in negligent treatment or maltreatment of a child.
3. Sexual abuse including both sexual assault and sexual exploitation.
4. Emotional abuse and emotional deprivation including willful cruelty or unjustifiable punishment.
5. Severe corporal punishment.

B. Legal Duty to Report

1. Mandated child abuse reporting is governed by the Child Abuse and Neglect Reporting Act, P.C. 11164. The intent and purpose of the law is to protect children from abuse. The definition of a child is any person under 18 years of age.
2. Within the scope of his or her employment, any childcare custodian who has knowledge of, observes, or reasonably suspects a child is a victim of child abuse, shall report the known or suspected abuse to a child protective agency by telephone and written report. Additionally, any suspicion of mental suffering inflicted on a child where his or her well-being is endangered in any way, will also be reported.

a. "Mandated Reporters" are those people defined by law as "childcare custodians," "medical practitioners" and "non-medical practitioners" and include virtually all school employees. (Penal Code 11165.7 and 11165.8) The following school personnel are required to report: teachers, administrators, supervisors of child welfare and attendance, certificated student personnel employees, employees of a child care programs, preschool teachers, school psychologists, licensed nurses, counselors, para-educators instructional aides or other classified employees trained in child abuse reporting. Employees do not need to have their employer's permission to make a child abuse report.

b. "Child Protective Agencies" are those law enforcement and child protective services responsible for investigating child abuse reports, including the local police or sheriff's department, county welfare or juvenile probation department and child protective services (CPS).

c. "Reasonable Suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse. (Penal Code 11166)

3. Employees will report known or suspected child abuse to a child protective agency by telephone immediately or as soon as practically possible and in writing within 36 hours. The reporting duties are individual and cannot be delegated to another individual.

4. When two or more persons who are required to report and both have knowledge of suspected child abuse, and when there is agreement among them, the telephone report may be made by any one of them who is selected by mutual agreement, and a single report may be made and signed by the person selected. However, if any person who knows or should know that the person designated to report failed to do so, that person then has a duty to make the report.

5. The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction. Any supervisor or administrator in violation (Section 11166) is guilty of an infraction punishable by a fine not to exceed five thousand dollars (\$5000).

C. Legal Responsibility and Liability

1. Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.

2. Any mandated reporter who fails to report an incident of known reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by fine of one thousand dollars (\$1000) or by both that fine and punishment. The mandated reporter may also be held civilly liable for damages of any injury to the child after a failure to report.

D. Reporting Procedures

1. The person who first observes or learns about the abuse is to complete the "Suspected Child Abuse Report" form (SS 8572) and call the Child Abuse Reporting phone number (ENTER NUMBER) (Emergency) or (ENTER NUMBER)

2. OR Immediately telephone the appropriate law enforcement agency (based upon where the abuse is suspected to have occurred). Jurisdiction, as to whether the county or the city responds, is determined by where the abuse took place.

a. City: Call the (ENTER CITY) Police Department's Youth and Family Services Bureau or contact the School Resource Officer. Complete and submit the "Suspected Child Abuse Report" form (SS 8572).

b. County: Call the (ENTER COUNTY) County Sheriff's Department. Complete and submit the "Suspected Child Abuse Report" form (SS 8572) Call (LOCAL LAW ENFORCEMENT) Dispatcher (ENTER NUMVER)

3. Employees are not required to identify themselves to their employer when they make a child abuse report. If an employee wishes to waive his/her confidentiality rights he/she may wish to make photocopies of the "Suspected Child Abuse Report" form (SS8572) and forward a copy to the principal and to the Executive Director of Student and Family Support Services.

E. Victim Interviews

Upon request, a child protective agency representative may interview a suspected victim of child abuse, during school hours and on school premises, concerning a report of suspected child abuse that occurred within the child's home. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. A staff member or volunteer aide selected by a child may decline to present at the interview. If the selected person accepts, the principal or designee shall inform him/her, before the interview takes place, of the following legal requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.

2. The selected person shall not participate in the interview.

3. The selected person shall not discuss the facts or circumstances of the case with the child.

4. The selected person is subject to the confidentiality requirements of Article 2.5 (Penal Code 11165 et seq.), a violation of which is punishable as specified by Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

F. Release of Child to Peace Officer or to a Child Protective Services Worker

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse, the principal or other school staff shall not notify the parent/guardian as required in other instances of removal of a child from school, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer to notify the parent/guardian of the situation

G. Staff Training

The Principal or designee shall provide training in child abuse identification and reporting for all certificated personnel, instructional and teacher aides, teacher assistants, para-educators and other classified employees. (Penal Code 11165.7) All employees trained in

child abuse identification and reporting shall be given, as a part of that training, written notice of the child abuse reporting requirements and the employees' confidentiality rights. (Penal Code 11165.7). The absence of training does not excuse a mandated reporter from the duties imposed by the penal code.

The Board recognizes that child abuse has severe consequences and that the district has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse. The Superintendent or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

Employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect. Mandated reporters shall not investigate any suspected incidents but rather shall cooperate with agencies responsible for investigating and prosecuting cases of child abuse and neglect.

The Superintendent or designee shall provide training regarding the reporting duties of mandated reporters.

In the event that training is not provided to mandated reporters, the Superintendent or designee shall report to the California Department of Education the reasons that such training is not provided. (Penal Code 11165.7)

XX. SUSPECTED CHILD ABUSE

All employees who have contact with students on a regular basis as part of their job duties are designated as child care custodians (mandated reporters). By law they must complete these actions within 36 hours of receiving information about suspected abuse or neglect.

1. NOTIFY SUPERVISOR and appropriate site personnel.

The Superintendent or designee so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the Superintendent or designee may assist in completing and filing the necessary forms.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Disaster Plan (See Appendix C-F)

The Governing Board recognizes that all district staff and students must be prepared to respond quickly and responsibly to emergencies, disasters, and threats of disaster. The district shall take all reasonable steps to prevent and/or mitigate the impact of a disaster on district students, staff, and schools.

The Superintendent or designee shall develop and maintain a disaster preparedness plan which contains routine and emergency disaster procedures, including, but not limited to, earthquake emergency procedures, and adaptations for individuals with disabilities in accordance with the Americans with Disabilities Act. Such procedures shall be incorporated into the comprehensive school safety plan. (Education Code 32282)

In developing the disaster preparedness plan, the Superintendent or designee shall involve district staff at all levels, including administrators, district police or security officers, facilities managers, transportation managers, food services personnel, school psychologists, counselors, school nurses, teachers, classified employees, and public information officers. As appropriate, he/she shall also collaborate with law enforcement, fire safety officials, emergency medical services, health and mental health professionals, parents/guardians, and students.

The plan shall comply with state-approved Standardized Emergency Management System (SEMS) guidelines established for multiple-jurisdiction or multiple-agency operations and with the National Incident Management System.

The Superintendent or designee shall provide training to employees regarding their responsibilities, including periodic drills and exercises to test and refine staff's responsiveness in the event of an emergency.

Public Agency Use of School Buildings for Emergency Shelters

The Board shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board shall cooperate with such agencies in furnishing and maintaining whatever services they deem necessary to meet the community's needs. (Education Code 32282)

District employees are considered disaster service workers and are subject to disaster service activities assigned to them. (Government Code 3100)

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

While on school grounds

While going to or coming from school

During the lunch period, whether on or off the school campus

During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

Selling or otherwise furnishing a firearm

Brandishing a knife at another person

Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4

Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation under "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12," the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

That other means of correction are not feasible or have repeatedly failed to bring about proper conduct

That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5)

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall annually present to the Board a report of the outcome data which the district is required to collect pursuant to Education Code 48900.8 and 48916.1, including the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

*Board is in the process of updating all Board Policies in February of 2024.

a) A school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of Section 48900. The district shall provide the information to the teacher based upon any records that the district maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this section

(E) Sexual Harassment Policies (EC 212.6 [b])

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees and retaliatory behavior or action against any person who complains, testifies, or otherwise participates in the complaint process established for the purpose of this policy.

Sexual harassment includes, but is not limited to, harassment that is based on the gender, gender identity, gender expression, or sexual orientation of the victim.

This policy shall apply to all district employees and to other persons on district property or with some employment relationship with the district, such as interns, volunteers, contractors, and job applicants

Any district employee who engages or participates in sexual harassment or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

Providing training to employees in accordance with law and administrative regulation

Publicizing and disseminating the district's sexual harassment policy to staff and others to whom the policy may apply

Ensuring prompt, thorough, and fair investigation of complaints

Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)**Orchard School Student Conduct Code**

The Governing Board desires to provide a safe, supportive, and positive school environment conducive to student learning and to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, and parent involvement can minimize the need for discipline.

The Superintendent or designee shall approve a complement of effective, age-appropriate strategies for correcting student behavior. Such strategies may include, but are not limited to, conferences with students and their parents/guardians; use of study, guidance, or other intervention-related teams; enrollment in a program teaching prosocial behavior or anger management; and participation in a restorative justice program. Staff shall use preventative measures and positive conflict resolution techniques whenever possible. Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as suspension and expulsion, shall be imposed only when required by law and when other means of correction have failed. (Education Code 48900.5)

Board policies and administrative regulations shall outline acceptable student conduct and provide the basis for sound disciplinary practices.

The administrative staff may develop disciplinary rules to meet the school's particular needs. However, the rules shall be consistent with law, Board policy, and district regulations. The Board may review, at an open meeting, the approved school discipline rules for consistency with Board policy and state law. (Education Code 35291.5)

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health and opportunity to learn.

Persistently disruptive students may be assigned to alternative programs or removed from school in accordance with law, Board policy, and administrative regulation.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

The Superintendent or designee shall provide professional development as necessary to assist staff in developing consistent classroom management skills, implementing effective disciplinary techniques, and establishing cooperative relationships with parents/guardians.

At the beginning of every school year, the Superintendent or designee shall report to the Board regarding disciplinary strategies used in the school in the immediately preceding school year and their effect on student learning.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. (Education Code 49001)

However, corporal punishment does not include any pain or discomfort suffered by a student as a result of his/her voluntary participation in an athletic or other recreational competition or activity. In addition, an employee's use of force that is reasonable and necessary to protect himself/herself, students, staff, or other persons, to prevent damage to property, or to obtain possession of weapons or other dangerous objects within the control of the student is not corporal punishment. (Education Code 49001)

Conduct Code Procedures

Disciplinary Rules

In developing disciplinary rules, the principal or designee shall solicit the participation, views, and advice of one representative selected by each of the following groups: (Education Code 35291.5)

When applicable, referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program or a Section 504 plan

Enrollment in a program for teaching prosocial behavior or anger management

Recess restriction as provided in the section below entitled "Recess Restriction"

Detention after school hours as provided in the section below entitled "Detention After School"

Community service as provided in the section below entitled "Community Service"

In accordance with Board policy and administrative regulation, restriction or disqualification from participation in extracurricular activities

Reassignment to an alternative educational environment

Suspension and expulsion in accordance with law, Board policy, and administrative regulation
Recess Restriction

A teacher may restrict a student's recess time only when he/she believes that this action is the most effective way to bring about improved behavior. When recess restriction may involve the withholding of physical activity from a student, the teacher shall try other disciplinary measures before imposing the restriction. Recess restriction shall be subject to the following conditions:

The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.

The student shall remain under a certificated employee's supervision during the period of restriction.

Students shall remain under the supervision of a certificated employee during the period of detention.

Students may be offered the choice of serving their detention on Saturday rather than after school.

As part of or instead of disciplinary action, the Board, Superintendent, principal, or principal's designee may, at his/her discretion, require a student to perform community service during nonschool hours on school grounds, or, with written permission of the student's parent/guardian, off school grounds. Such service may include, but is not limited to, community or school outdoor beautification, campus betterment, and teacher, peer, or youth assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. The Superintendent or designee shall design strategies to promote harmonious relationships among students, prevent incidents of hate-motivated behavior to the extent possible, and address such incidents if they occur.

The Superintendent or designee shall collaborate with regional programs and community organizations to promote safe environments for youth. As necessary, the district shall provide counseling, guidance, and support to students who are victims of hate-motivated behavior and to students who exhibit such behavior.

The Superintendent or designee shall ensure that the rules prohibiting hate-motivated behavior and procedures for reporting a hate-motivated incident are provided to students and parents/guardians.

The Superintendent or designee shall provide staff with training on recognizing and preventing hate-motivated behavior and on effectively enforcing rules for appropriate student conduct.

Complaint Process

A student or parent/guardian who believes the student is a victim of hate-motivated behavior is strongly encouraged to report the incident to a teacher, the principal, or other staff member.

Any staff member who is notified that hate-motivated behavior has occurred, observes such behavior, or otherwise becomes aware of an incident shall immediately contact the principal or the compliance officer responsible for coordinating the district's response to complaints and complying with state and federal civil rights laws. Lockdown
 Security Alert Procedure

To report problem initially, call office at Ext. 110.

Emergency Dial 8- 911 (classroom)

A Lockdown alert is designed to put the entire campus into a total lock- down mode prior to a possible police evacuation. This might be necessary if there is a threat of violence either from the outside or from an internal source.

When a Lockdown is invoked by the PA announcement system with the phrase “This is a Lockdown”:

- Classroom/Office lock down begins.
- Police Respond.
- District-wide staff responds.

IF OUTSIDE THE CLASSROOM (RUN)

(PE classes, custodians, etc.) and you have a safe exit:

1. Seek safety, but do not let students leave your supervision:
 Run in a zig-zag pattern to the safest Staging Area OR go to the nearest classroom OR find cover OR stay put.
2. Take roll.
3. Wait for police to arrive to give
 ALL CLEAR.
4. Once in the on-site evacuation assignment, stay put. Wait for
 District Office personnel to arrive.
5. Do not talk to the press.

IF INSIDE THE CLASSROOM OR BUILDING (HIDE):

All students should huddle next to the counters under the windows as best as possible or in another location that is out of the line of sight from the door(s) as applicable.

- Note escape routes.

- Locate fire extinguisher.
- Take roll.
- Insulate the floor for warmth (newspapers work well), if you can.
- Get out any available hard candy, snacks, water, and quiet games.

2. STAY CALM

Adopt a survival mentality, keep away from the doorways and avoid being seen through the windows in your classroom and keep silent or whisper. Assume you will be here several hours. Helpful suggestions include:

- Students in pairs; check in and report every 15 minutes.
- If anxiety increases, touch is calming – hold hands.
- If bored, play simple mental games: alphabet, number.
- Defend as necessary
- Use available resources to create a make-shift bathroom and barrier for privacy.

3. STAY PUT

Upon police arrival, they will call your classroom. Await instructions from the police.

4. EVACUATE QUICKLY AS DIRECTED BY POLICE TO STAGING AREA. FOLLOW PROTOCOL.

- Remove jackets, coats, bulky sweaters.
- Leave all purses, backpacks, and books. Only teachers/staff make keep the emergency bag with first aid supplies, red/green card and roster(s).

Orchard School Incident Command System

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

When an emergency situation occurs, school personnel must quickly determine what initial response actions are required. Determining the appropriate actions to take is a three-step process: 1) identify the type of emergency; 2) identify the level of emergency; and 3) determine immediate action(s) that may be required. Each of these steps is discussed below.

IDENTIFY TYPE OF EMERGENCY

The first step in responding to an emergency is to determine the type of emergency that has occurred. Emergency procedures for types of emergencies are listed below.

Step Two: Identify the Level of Emergency

The second step in responding to an emergency is to determine the level of the emergency. For schools, emergency situations can range from a small fire to a major earthquake. To assist schools in classifying emergency situations, a three-tiered rating system is described below.

Level 1 Emergency: A minor emergency that is handled by school personnel without assistance from outside agencies, e.g., a temporary power outage, a minor earthquake, or a minor injury on the play yard. Guidelines to manage Level 1 (Crisis) are describe in the Crisis Response Checklist.

Level 2 Emergency: A moderate emergency that requires assistance from outside agencies, such as a fire or a moderate earthquake, or a suspected act of terrorism involving the dispersion of a potentially hazardous material, e.g., “unknown white powder”.

Level 3 Emergency: A major emergency event that requires assistance from outside agencies such as a major earthquake, civil disturbance or a large-scale act of terrorism. For Level 3 emergencies, it is important to remember that the response time of outside agencies may be seriously delayed

Step Three: Determine the Immediate Response Action

DETERMINE IMMEDIATE RESPONSE ACTIONS

Once the type and extent of an emergency have been identified, school personnel can determine if an immediate response action is required. The most common immediate response actions initiated during school emergencies are: (a) Duck and Cover, (b) Shelter-In-Place, (c) Lock Down,(d) Evacuate Building, (e) Off- Site Evacuation, or (f) All Clear.

DUCK AND COVER

This action is taken to protect students and staff from flying or falling debris.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication, i.e., sending messengers to deliver instructions. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

“YOUR ATTENTION PLEASE. AS YOU ARE AWARE, WE ARE EXPERIENCING SOME SEISMIC ACTIVITY. FOR EVERYONE’S PROTECTION, ALL STUDENTS SHOULD FOLLOW DUCK AND COVER PROCEDURES, WHICH MEANS YOU SHOULD BE IN A PROTECTED POSITION UNDER A TABLE OR DESK, AWAY FROM WINDOWS AND ANYTHING THAT COULD FALL AND HURT YOU. HOLD THIS POSITION UNTIL THE SHAKING STOPS OR GIVEN FURTHER INSTRUCTIONS.”

2. If inside, teachers will instruct students to duck under their desks and cover their heads with their arms and hands.

3.If outside, teachers will instruct students to drop to the ground, place their heads between their knees, and cover their heads with their arms and hands.

SHELTER-IN-PLACE

This action is taken to place and/or keep students indoors in order to provide a greater level of protection from airborne contaminants in outside air. Shelter-in-Place is implemented when there is a need to isolate students and staff from the outdoor environment and includes the shutdown of classroom and/or building HVAC systems. During Shelter-in-Place, no one should be exposed to the outside air. The difference between Shelter-in-Place and Lock Down is that the former involves shut down of the HVAC systems, and allows for the free movement of students within the building. However, classes in bungalows and buildings with exterior passageways will have to remain in the classroom.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication, i.e., sending messengers to deliver instructions. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

“YOUR ATTENTION PLEASE. BECAUSE WE HAVE RECEIVED INFORMATION REGARDING A HAZARD IN THE COMMUNITY, WE ARE INSTITUTING SHELTER-IN-PLACE PROCEDURES. REMEMBER, THIS MEANS STUDENTS AND STAFF ARE TO REMAIN INSIDE THE BUILDING AWAY FROM OUTSIDE AIR WITH WINDOWS AND DOORS SECURELY CLOSED AND AIR CONDITIONING UNITS TURNED OFF. ALL STUDENTS AND STAFF THAT ARE OUTSIDE ARE TO IMMEDIATELY MOVE TO THE PROTECTION OF AN INSIDE ROOM. AS SOON AS WE HAVE FURTHER INFORMATION, WE WILL SHARE IT WITH YOU.”

2. If inside, teachers will keep students in the classroom until further instructions are given.

3. If outside, students will proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings (e.g., auditorium, library, cafeteria, and gymnasium). Teachers should consider the location and proximity of the identified hazard and, if necessary, proceed to an alternative indoor location.

4. Teachers are responsible to secure individual classrooms whereas the Security/Utilities Team will assist in completing the procedures as needed: shut down the classroom/building(s) HVAC system; turn off local fans in the area; close and lock doors and windows; seal gaps under doors and windows with wet towels or duct tape; seal vents with aluminum foil or plastic wrap, if available; and turn off sources of ignition, such as pilot lights.

LOCK DOWN

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering occupied areas. During Lock Down students are to remain in the classrooms or designated locations at all time.

The difference between Shelter-in-Place and Lock Down is that the former involves shut down of the HVAC systems and allows for the free movement of students within the building.

Description of Action

1.The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

“YOUR ATTENTION PLEASE. WE HAVE AN EMERGENCY SITUATION AND NEED TO IMPLEMENT LOCK DOWN PROCEDURES. TEACHERS ARE TO LOCK CLASSROOM DOORS AND KEEP ALL STUDENTS INSIDE THE CLASSROOM UNTIL FURTHER NOTICE. DO NOT OPEN THE DOOR UNTIL NOTIFIED BY AN ADMINISTRATOR OR LAW ENFORCEMENT. IF OUTSIDE, STUDENTS AND STAFF ARE TO PROCEED INSIDE THE NEAREST BUILDING OR CLASSROOM.”

2. If inside, teachers will instruct students to lie on the floor lock the doors, and close any shades or blinds if it appears safe to do so.

3. If outside, students will proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings (i.e., auditorium, library, cafeteria, gymnasium).
4. Teachers and students will remain in the classroom or secured area until further instructions are given by the Principal or law enforcement.
5. The front entrance is to be locked and no visitors other than appropriate law enforcement or emergency personnel, have to be allowed on campus.

EVACUATE BUILDING

This action is taken after the decision is made that it is unsafe to remain in the building.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principle will use other means of communication, i.e., sending messengers to deliver instructions. The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

“YOUR ATTENTION PLEASE. WE NEED TO INSTITUTE AN EVACUATION OF ALL BUILDINGS. TEACHERS ARE TO TAKE THEIR STUDENTS TO THE ASSEMBLY AREA AND REPORT TO THEIR DESIGNATED AREA. STUDENTS ARE TO REMAIN WITH THEIR TEACHER. TEACHERS NEED TO TAKE THEIR ROLLBOOK AND LOCK THE CLASSROOM WHEN ALL STUDENTS HAVE EXITED THE CLASSROOM.”

2. The Principal will initiate a fire alarm.
3. Teachers will instruct students to evacuate the building, using designated routes, and assemble in their assigned Assembly Area.
4. Teachers will take the student roster when leaving the building and take attendance once the class is assembled in a safe location.
5. Once assembled, teachers and students will stay in place until further instructions are given.

OFF-SITE EVACUATION

This action is taken after a decision is made that it is unsafe to remain on the campus, and evacuation to an off-site assembly area is required.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principle will use other means of communication (i.e., sending messengers to deliver instructions). The Principal should be calm, convey reassuring comments that the situation is under control and give clear directions.

“YOUR ATTENTION PLEASE. WE NEED TO INSTITUTE AN OFF-SITE EVACUATION. TEACHERS ARE TO TAKE THEIR STUDENTS TO THE OFF- SITE ASSEMBLY AREA AND REPORT TO THEIR DESIGNATED AREA. STUDENTS ARE TO REMAIN WITH THEIR TEACHER. TEACHERS NEED TO TAKE THEIR ROLLBOOK AND LOCK THE CLASSROOM WHEN ALL STUDENTS HAVE EXITED THE CLASSROOM.”

2. The Principal will determine the safest method for evacuating the campus. This may include the use of school buses or simply walking to the designated off-site location.
3. Teachers will secure the student roster when leaving the building and take attendance once the class is assembled in a predesignated safe location.
4. Once assembled off-site, teachers and students will stay in place until further instructions are given.

5. In the event clearance is received from appropriate agencies, the Principal may authorize students and staff to return to the classrooms.

ALL CLEAR

This action is taken to notify teachers that normal school operations can resume.

Description of Action

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication (i.e., sending messengers to deliver instructions).

“YOUR ATTENTION PLEASE. IT IS NOW SAFE TO RETURN TO YOUR CLASSROOM AND RESUME NORMAL OPERATIONS. I WOULD LIKE TO THANK AND COMMEND STUDENTS AND STAFF FOR THEIR COOPERATION.”

2. This action signifies the emergency is over.

3. If appropriate, teachers should immediately begin discussions and activities to address students’ fears, anxieties, and other concerns.

It is important to note that school administrators are responsible for the health and safety of students and staff during an emergency. Although the following procedures refer to specific actions, school administrators must exercise discretion in implementing standardized procedures, and should consider modifications as necessary to assure the health and safety of all personnel during an emergency.

In the following procedures, the Principal or designee will be referred to as "School Administrator".

Step Four: Communicate the Appropriate Response Action

Communicate appropriate response action and implement Incident Command system.

Types of Emergencies & Specific Procedures

Aircraft Crash

VI. FALLEN AIRCRAFT.

Drop- cover- hold

1. DROP to the floor.
2. Take COVER under a sturdy desk or table, or against an interior wall. Avoid windows, tall furniture or hanging objects.
3. HOLD onto the furniture and HOLD your position until it is safe to move.
4. EVACUATE THE BUILDING when it is safe. Do not run.
5. ASSEMBLE without delay in your evacuation assembly area.
 - Report all absences to the designated emergency roll person (i.e., secretary, dept. supervisor, teacher).
 - Report for duty if you are a member of an emergency team.
6. WAIT FOR INSTRUCTIONS from the Site/School Administrator.
7. DO NOT return to the building until it has been declared safe.
8. DO NOT light matches, candles or other fires.

Animal Disturbance

1. The School Administrator will initiate appropriate Immediate Response Actions, may include LOCK DOWN or EVACUATE BUILDING.
2. Upon discovery of an animal, staff members will attempt to isolate the animal from students, if it is safe to do so. If the animal is outside, students will be kept inside. If the animal is inside, students will remain outside in an area away from the animal. It is suggested closing doors or locking gates as means to isolate the animal.
3. If additional outside assistance is needed, the School Administrator will call "9.911", Local Police or Santa Clara County Sheriff's Department, Department of Animal Regulation (408.465.2920) and provide the location of the animal and nature of emergency.
4. If a staff member or student is injured, the parent, and SCCOE Risk Manager will be notified.
5. The School Administrator will initiate of OFF-SITE EVACUATION, if warranted by changes in conditions at the school.

PROCEDURES FOR NOTIFYING TEACHERS ABOUT DANGEROUS STUDENTS Pursuant to Education Code 48267, the Santa Clara County Probation Department notifies the Students Services Branch of the Santa Clara County Office of Education regarding students who have engaged in certain criminal conduct. This information is forwarded to the principal's office. The principal/designee is responsible for prompt notification of the student's teachers. This information is also often forwarded to all administrators who share with staff members.

Armed Assault on Campus

IX. ARMED ASSAILANT/ GUNFIRE

The Emergency Operating Center Director/ Incident Commander or police officials will issue directions, when possible. Otherwise, you will need to rely on your own resources.

1. REMAIN CALM
2. CALL 911
3. NOTIFY FRONT OFFICE
4. IF INDOORS, RETREAT (Put as many locked doors in between you and the shooter as possible)

XII. LOCKDOWN

This procedure is implemented to ensure safety of students and staff from intruders or incidents in the community.

STEPS FOR LOCKDOWN

1. SECURE ALL ENTRANCES and exits to the building.
2. ACCOUNT FOR EACH STUDENT and staff member
3. Ensure that no one enters or leaves the building unless authorized.
4. In an interior lockdown, students are kept in designated locations.
5. Lockdown ends when the situation is resolved and danger no longer exists, establish a single point of entry/exit for the building.

Lockdown

Security Alert Procedure

To report problem initially, call office at Ext. 110.

Emergency Dial 8- 911 (classroom)

A Lockdown alert is designed to put the entire campus into a total lock- down mode prior to a possible police evacuation. This might be necessary if there is a threat of violence either from the outside or from an internal source.

When a Lockdown is invoked by the PA announcement system with the phrase "This is a Lockdown":

- Classroom/Office lock down begins.
- Police Respond.
- District-wide staff responds.

IF OUTSIDE THE CLASSROOM (RUN)

(PE classes, custodians, etc.) and you have a safe exit:

1. Seek safety, but do not let students leave your supervision:
Run in a zig-zag pattern to the safest Staging Area OR go to the nearest classroom OR find cover OR stay put.
2. Take roll.
3. Wait for police to arrive to give
ALL CLEAR.
4. Once in the on-site evacuation assignment, stay put. Wait for
District Office personnel to arrive.
5. Do not talk to the press.

IF INSIDE THE CLASSROOM OR BUILDING (HIDE):

1. SECURE ROOM

- Take in students/staff outside of your classroom who need to be inside.
- Close the door. If you can safely lock the door, do so.
- Barricade the door.
- Cover the windows 6-7 feet high, if possible. Shut your blinds
- If sufficient daylight, turn off lights, otherwise keep them on.
- Set –up interior barricades where "least observable" through classroom windows.

All students should huddle next to the counters under the windows as best as possible or in another location that is out of the line of sight from the door(s) as applicable.

- Note escape routes.
- Locate fire extinguisher.
- Take roll.

- Insulate the floor for warmth (newspapers work well), if you can.
- Get out any available hard candy, snacks, water, and quiet games.

2. STAY CALM

Adopt a survival mentality, keep away from the doorways and avoid being seen through the windows in your classroom and keep silent or whisper. Assume you will be here several hours. Helpful suggestions include:

- Breathing and relaxing exercises: 4-count.
- Students in pairs; check in and report every 15 minutes.
- If anxiety increases, touch is calming – hold hands.
- If bored, play simple mental games: alphabet, number.
- Defend as necessary
- Use available resources to create a make-shift bathroom and barrier for privacy.

3. STAY PUT

Upon police arrival, they will call your classroom. Await instructions from the police.

4. EVACUATE QUICKLY AS DIRECTED BY POLICE TO STAGING AREA. FOLLOW PROTOCOL.

- Remove jackets, coats, bulky sweaters.
- Leave all purses, backpacks, and books. Only teachers/staff make keep the emergency bag with first aid supplies, red/green card and roster(s).
- Keep hands on or behind your head, take clipboard with roll sheet and red/green cards.
- Make no sudden moves.
- Exit in a single file.
- Maintain silence.
- Follow directions and proceed to nearest staging area.

5. STAGING AREA

- Once at on-site evacuation assignment, check in with the Principal or Designee - DO NOT LEAVE.

Green Card; Indicates all is OK

Red Card: List missing students or student(s) hurt.

Reminder: Do not talk to the press.

Run, Hide, Defend – Active Shooter, Armed Intruder, Gunfire

6. Outdoor P.E. classes must return to a classroom, gym, or locker room, and lockdown.
7. Classroom instructions may continue though no one can enter or leave classroom once locked down.
8. Wait for updates from Incident Command via radio.

Biological or Chemical Release

I. Biological Attack

Biological agents are bacteria and toxins that can cause disease in people. Depending on the biological event, you may need to be immunized, evacuated or “sheltered-in-place.” Listen to the radio and wait for authorities to provide further instructions.

If you become aware of a suspicious substance, follow these steps:

1. GET AWAY from the substance
2. PROTECT YOURSELF BY COVERING YOUR MOUTH AND NOSE with layers of fabric or paper towels that will filter air but still allow breathing.
3. WASH YOUR BODY with soap and water
4. CONTACT AUTHORITIES.
5. Listen to radio for news and information.
6. If you become sick, get medical attention.

IF YOU ARE EXPOSED TO A BIOLOGICAL AGENT:

1. GET AWAY from the substance
2. REMOVE CLOTHES and put in a sealed plastic bag.
3. WASH SKIN with a solution of 9 parts water to 1-part bleach. Do not use bleach solution on open wounds.
4. SEEK MEDICAL ATTENTION.

II. CHEMICAL ATTACK

A chemical attack is the deliberate release of a toxic gas, liquid, or solid into the environment.

SIGNS OF CHEMICAL ATTACK

- ? Watery eyes
- ? Twitching
- ? Problems Breathing
- ? Choking
- ? Losing coordination
- ? Many sick or dead birds or sick small animals are cause for suspicion.

If you see signs of a chemical attack, follow these steps.

1. QUICKLY GET AWAY FROM THE CONTAMINATED AREA.
2. If the chemical is inside the building, exit the building without passing through the contaminated area.
3. If you can't get out the building, find clean air, without passing through the contaminated area.
4. Move as far away as possible from the contaminated area and shelter-in-place.
5. If you are outside, go to the closest place where you can get clean air.

USING A FACE MASK FOR PROTECTION DURING A CHEMICAL ATTACK.

A face mask or barrier can help protect from air contaminants. Here are a few ideas for creating a face mask or barrier.

- ? Improvise with available materials and CREATE A BARRIER to protect eyes, nose, mouth and cuts in the skin.
- ? Use fabric that fits snugly over nose and mouth - achieve the best fit possible for children.
- ? Include face masks in disaster planning kit.

If you are exposed to a chemical agent, you will be given orders by the local authorities to evacuate or shelter-in-place.

If exposed, here are the steps for decontamination:

1. REMOVE CLOTHING and place in sealed plastic bag.
2. WASH SKIN thoroughly with soap and water.
3. SEEK MEDICAL ATTENTION.

III. CHEMICAL ACCIDENT

Chemical spills may result from tank truck or railroad for accidents. In rare cases they may originate from inside the building. If you discover a chemical spill, call 911 and inform the Site/School Administrator.

Accident Outside

1. WAIT FOR INSTRUCTIONS from the Site/School Administrator.
2. DO NOT LEAVE THE BUILDING unless instructed to do so. If you are instructed to evacuate, take care to avoid fumes.

Accident Inside

1. EVACUATE THE BUILDING. Avoid the area where the chemical spill occurred.

If you receive a PHONE THREAT

1. LISTEN
2. DO NOT HANG UP, even after the caller hangs up. Leave the phone off the hook until the threat is removed.
3. COMPLETE THE BOMB THREAT CHECKLIST as much as possible. Try to write down everything the caller says.
4. If possible, SILENTLY ATTRACT SOMEONE'S ATTENTION to CALL 911 and REPORT the threat to the Site/School Administrator. If not possible, call 911 and report the threat immediately after the call, using a different phone if possible.

If you receive a MAIL THREAT

1. DO NOT TOUCH. MINIMIZE THE HANDLING of any suspected packages or mail
2. REPORT ANY THREATS OR SUSPICIOUS PACKAGES to your Site/School Administrator

If you receive an EMAIL THREAT

1. DO NOT DELETE THE MESSAGE
2. REPORT THREAT to you Site/School Administrator

Decisions to search and/or evacuate will be made by the Site/School Administrator, Superintendent's Office, Police, or Fire Departments.

Earthquake Preparedness

Earthquake emergency procedures shall be established in every school building having an occupant capacity of 50 or more students, or more than one classroom, and shall be incorporated into the comprehensive safety plan. (Education Code 32282)

Earthquake emergency procedures shall be aligned with the Standardized Emergency Management System and the National Incident Management System. (Government Code 8607; 19 CCR 2400-2450)

The Superintendent or designee may work with the California Emergency Management Agency and the Seismic Safety Commission to develop and establish the earthquake emergency procedures. (Education Code 32282)

Earthquake emergency procedures shall outline the roles and responsibilities of students and staff during and after an earthquake.

Earthquake emergency procedures shall include, but not be limited to, all of the following: (Education Code 32282)

A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff

A drop procedure whereby each student and staff member takes cover under a table or desk, dropping to his/her knees, with the head protected by the arms and the back to the windows

Drop procedures shall be practiced at least once each school quarter in elementary schools and at least once each semester in secondary schools.

Protective measures to be taken before, during, and following an earthquake

A program to ensure that students and staff are aware of and properly trained in the earthquake emergency procedure system. Staff and students shall be informed of the dangers to expect in an earthquake and procedures to be followed. Students shall be instructed to remain silent and follow directions given by staff in such an emergency. Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school when an earthquake occurs.

Earthquake emergency procedures shall designate primary and alternative locations outside of buildings, which may include areas off campus if necessary, where individuals on the school site will assemble following evacuation. In designating such areas, the Superintendent or designee shall consider potential post-earthquake hazards outside school buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be an electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures also shall outline primary and alternative evacuation routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The Superintendent or designee shall consider the danger of a post-earthquake tsunami when developing evacuation routes and locations, including the need to evacuate to higher ground.

The Superintendent or designee shall identify at least one individual within each building to determine if an evacuation is necessary, the best evacuation location, and the best route to that location when an earthquake occurs.

The Superintendent or designee shall identify potential earthquake hazards in classrooms and other district facilities, including, but not limited to, areas where the main gas supply or electric current enters the building, suspended ceilings, pendant light fixtures, large windows, stairwells, science laboratories, storage areas for hazardous materials, shop areas, and unsecured furniture and equipment. To the extent possible, dangers presented by such potential hazards shall be minimized by securing equipment and furnishings and removing heavy objects from high shelves.

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.

In laboratories, burners should be extinguished, if possible, before taking cover.

As soon as possible, staff shall move students away from windows, shelves, and heavy objects or furniture that may fall.

After the earthquake, the principal or designee shall determine whether planned evacuation routes and assembly locations are safe and shall communicate with teachers and other staff.

When directed by the principal or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and shall evacuate the building in an orderly manner.

Staff shall direct students to walk away from buildings, trees, overhead power lines, power poles, or exposed wires.

Staff shall have students perform the drop procedure.

Staff shall have students stay in the open until the earthquake is over or until further directions are given.

Pandemic

The following is a list of important step-by-step actions schools should take before a pandemic disease outbreak. Outbreaks can have several cycles or waves so this list may need to be repeated.

PRIOR TO OUTBREAK/PREPAREDNESS & PLANNING PHASE

- Schools are encouraged to review and update their comprehensive school safety plan. Pursuant to California Education Code (EC) sections 32282 and 32286, every school in California should have a comprehensive school safety plan that is reviewed and updated annually. The comprehensive school safety plan should provide guidance for school administration, staff, and students for any emergency that impacts the school, including a public health crisis such as a pandemic.
- Work with local health officials and emergency preparedness officials. They may need to use schools to disseminate information to families.
- Decide the roles and responsibilities of school staff (including all ancillary staff) to prevent the spread of disease.
- Train nurses and staff in symptom recognition. Remember that a person who is infected may not show symptoms right away, and that children who are getting ill may show different behavior than usual, such as eating less or being irritable.
- Educate and improve the hygiene of students and staff. Use simple non-medical ways to reduce the spread of illness, i.e. by "cough and sneeze etiquette," clean hands, and clean work areas. Posters are available at cchealth.org/coronavirus in the "resources" section.
- For COVID-19, clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Decide to what extent you will encourage or require children and staff to stay home when they are mildly ill. Share the symptom checklist available in the resources section of cchealth.org/coronavirus with parents and staff.

- Identify students who are most vulnerable to serious illness (immune compromised, chronic illness, etc.) and may have a greater risk of infections. Encourage those families to talk to their health care provider. Some parents may need to be more cautious in keeping their children out of school.

Psychological Trauma

Crisis management requires actions during and subsequent to any emergency that may have a psychological impact on students and staff, such as an act of violence; the death of a student or staff member; an earthquake or other natural disaster; a serious environmental problem; or ethnic and racial tensions. Emergencies like those described above usually produce one or more of the following conditions:

Temporary disruption of regular school functions and routines.

Significant interference with the ability of students and staff to focus on learning. Physical and/or psychological injury to students and staff. Concentrated attention from the community and news media. As a result of such emergencies, students and staff may exhibit a variety of psychological reactions. As soon as the physical safety of those involved has been insured, attention must turn to meeting the emotional and psychological needs of students and staff.

1. The School Administrator will establish Psychological First Aid Team, which has primary responsibility for providing necessary assistance after all types of crises.
2. The Psychological First Aid Team will assess the range of crisis intervention services needed during and following an emergency.
3. The Psychological First Aid Team will provide direct intervention services.
4. If there is a need for additional assistance, the School Administrator will notify the Assistant Superintendent of Student Services and Support.
5. The Psychological First Aid Team will advise and assist the School Administrator to restore regular school functions as efficiently and as quickly as possible.
6. In performing their duties, the Psychological First Aid Team members will limit exposure to scenes of trauma, injury and death.
7. The Psychological First Aid Team will provide ongoing assessment of needs and follow-ups services as required.

Suspected Contamination of Food or Water

This procedure should be followed if site personnel report suspected contamination of food or water. This procedure applies where there is evidence of tampering with food packaging, observation of suspicious individuals in proximity to food or water supplies, or if notified of possible food/water contamination by central District staff or local agencies. Indicators of contamination may include unusual odor, color, taste, or multiple employees with unexplained nausea, vomiting, or other illnesses.

Procedure

1. The School Administrator will isolate the suspected contaminated food/water to prevent consumption, and will restrict access to the area.
2. The School Administrator will notify "911" (dial 9, 911), Santa Clara County Department of Environmental Health Services (408.918.3400).
3. The School Administrator will make a list of all potentially affected students and staff, and will provide the list to responding authorities.
4. The First Aid/Medical Team will assess the need for medical attention and provide first aid as appropriate.
5. The School Administrator will maintain a log of affected students and staff and their symptoms, the food/water suspected to be contaminated, the quantity and character of products consumed, and other pertinent information.
6. Facilities will notify the Assistant Superintendent of Student Services and Support, who will request an onsite review to determine necessary follow-up actions including the need to notify other potentially affected District facilities.
7. The School Administrator and the Assistant Superintendent of Student Services and Support will confer with the Santa Clara County Department of Health Services before the resumption of normal operations.
8. The School Administrator will notify parents of the incident, as appropriate.

Tactical Responses to Criminal Incidents

Tactical Response Plan

Notwithstanding the process described above, any portion of the comprehensive safety plan that includes tactical responses to criminal incidents that may result in death or serious bodily injury at the school, including steps to be taken to safeguard students and staff, secure the school premises, and apprehend the criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code 32281. In developing such strategies, district administrators shall consult with law enforcement officials and with a representative of an employee bargaining unit, if he/she chooses to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials, provided that any vote to approve the tactical response plan is announced in open session following the closed session. (Education Code 32281)

THREAT OF VIOLENCE

This procedure should be followed if site personnel receive a threat that may target an individual, a particular group or the entire school community. Such threats may be received by written note, e-mail communication or phone call.

Procedure

1. The School Administrator will identify the type of threat and attempt to determine the individual(s) making the threat.
2. The School Threat Assessment Team will conduct the threat assessment. The SCCOE shall enlist the support of the local police agency affiliated with the school or building.
3. The School Threat Assessment Team will assess the warning signs, risk factors, stabilizing factors and potential precipitating events to arrive at a categorical description of the risk for a particular point in time. There are five categories of risk as described by the Santa Clara County Sheriff's Dept.
Category 1: High violence potential; qualifies for arrest or hospitalization.
Category 2: High violence potential; does not qualify for arrest or hospitalization.
Category 3: Insufficient evidence for violence potential; sufficient evidence for the repetitive/intentional infliction of emotional distress upon others.
Category 4: Insufficient evidence for violence potential; sufficient evidence for the unintentional infliction of emotional distress upon others.
Category 5: Insufficient evidence for violence potential; insufficient evidence for emotional distress upon others.
4. In categorizing the risk, the School Threat Assessment Team will attempt to answer two questions: (1) is the individual moving on a path towards violent action? (2) Is there evidence to suggest movement from thought to action?
5. The School Threat Assessment Team will assess the warning signs by evaluating the associated oral, written or electronic threatening communications.
6. The School Threat Assessment Team will recommend appropriate action to the School Administrator.
7. As soon as the physical safety of those involved has been insured, attention will turn to meeting the emotional and psychological needs of students and staff. Crisis intervention may be necessary and appropriate

Unlawful Demonstration or Walkout

An Unlawful Demonstration/Walkout is any unauthorized assemblage on or off campus by staff or students for the purpose of protest or demonstration.

Procedure

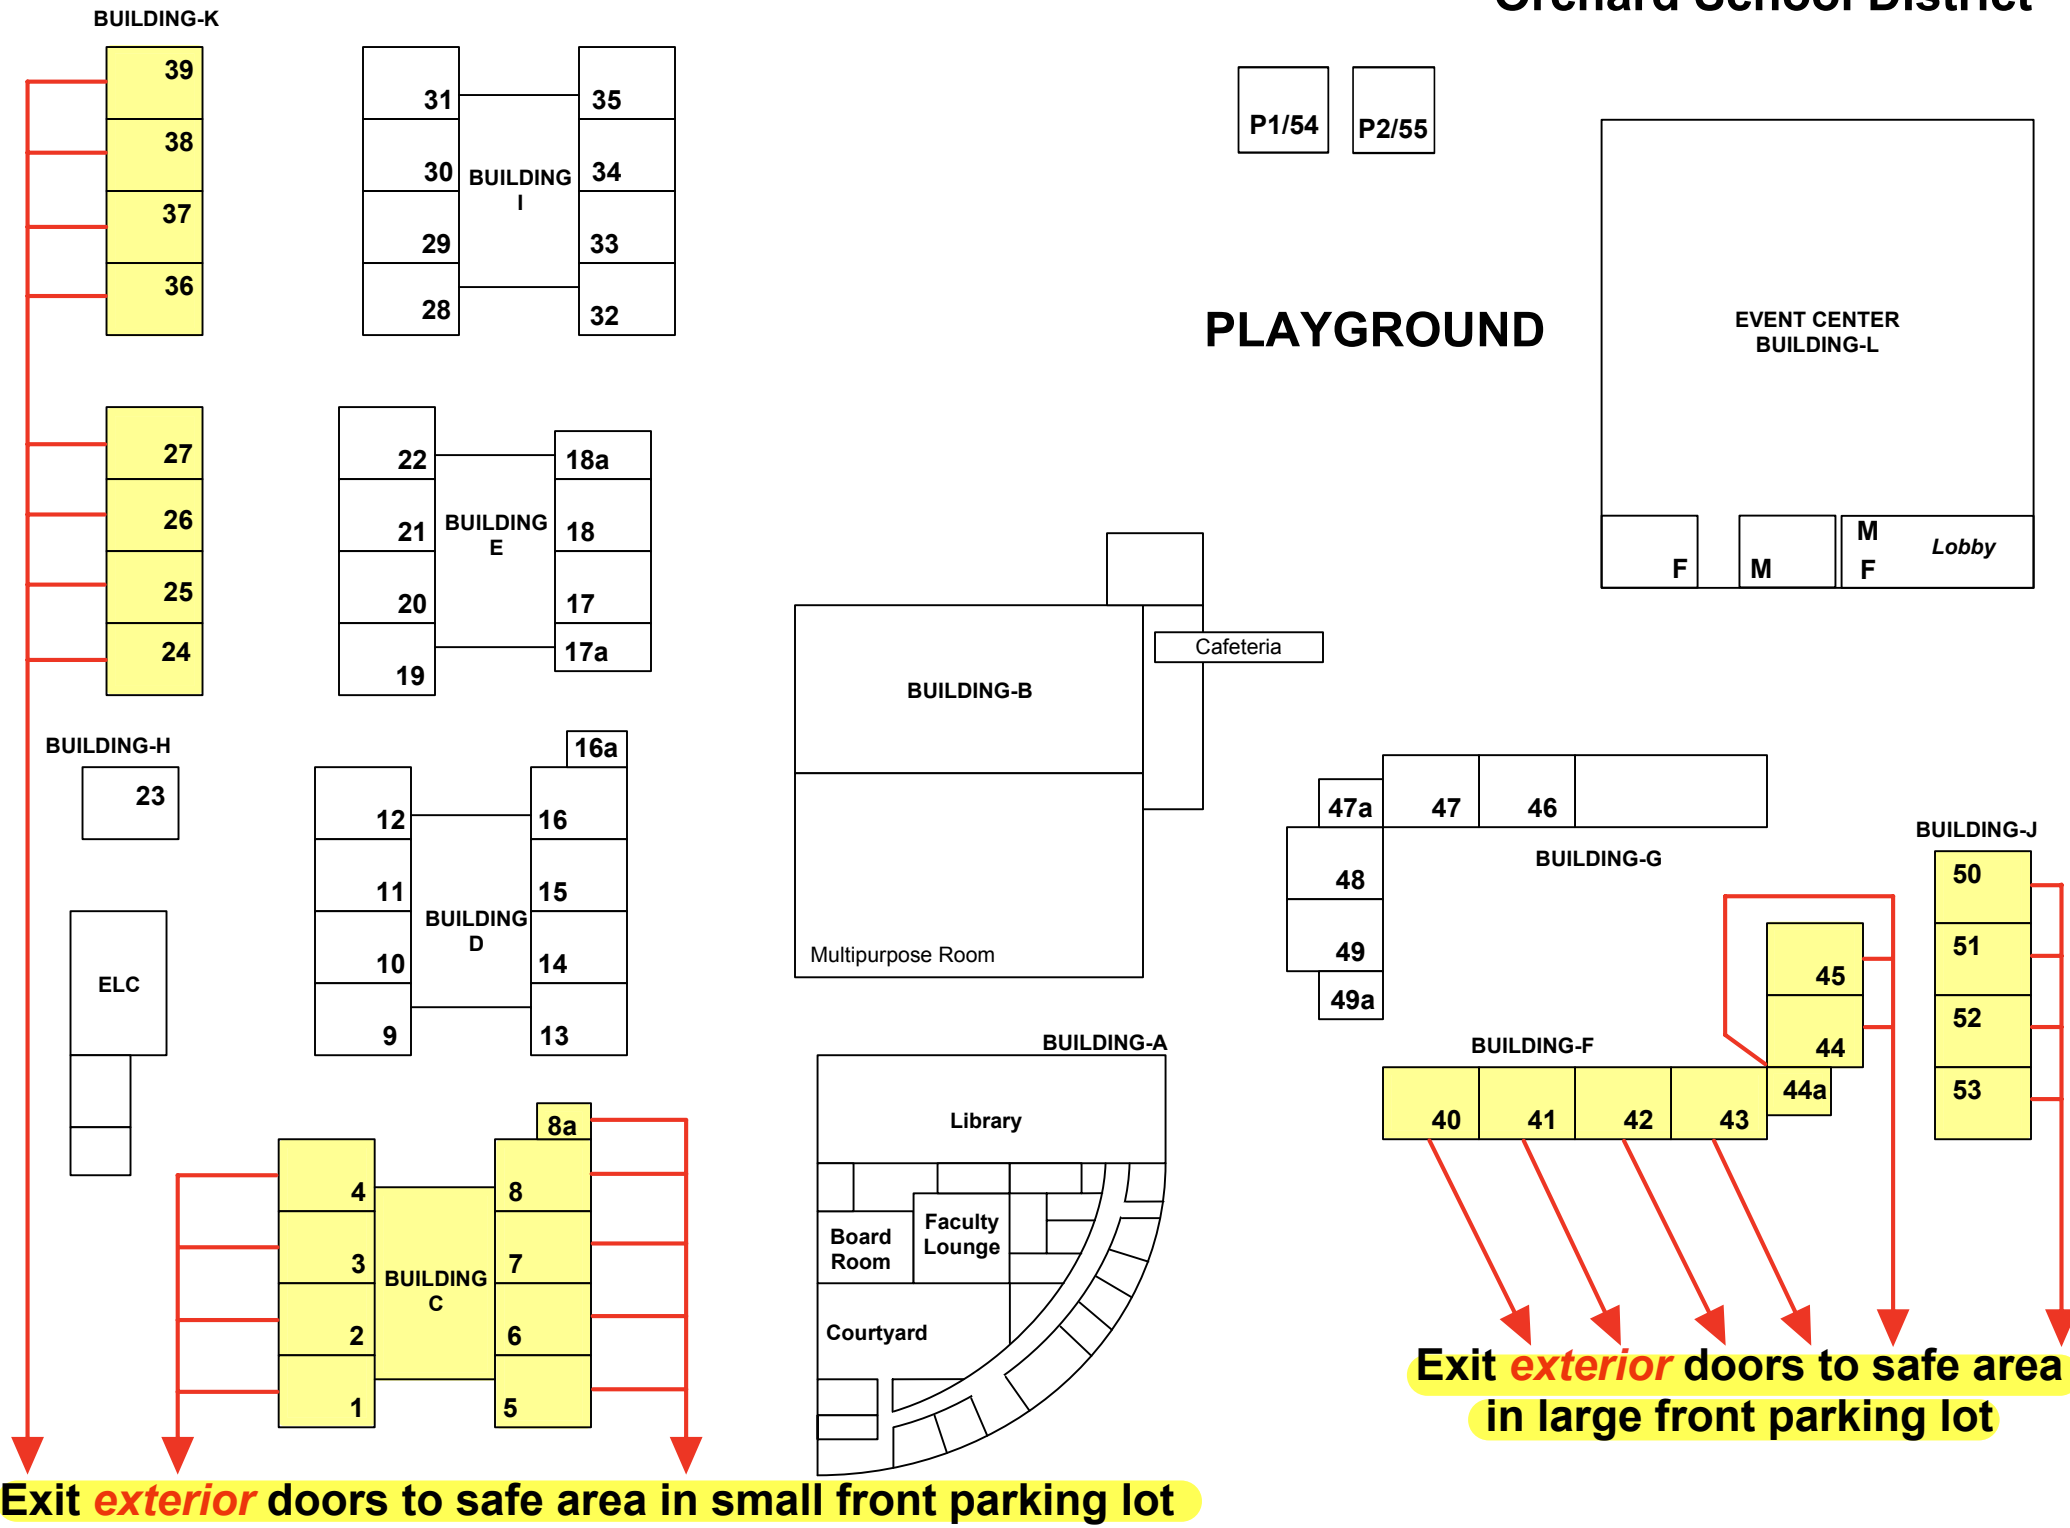

1. Upon indication that an unlawful demonstration or walkout is about to begin, personnel should immediately notify the School Administrator.
2. The School Administrator will initiate appropriate Immediate Response Actions, which may include SHELTER-IN-PLACE.
3. The School Administrator will notify the Local Police and/or Santa Clara County Sheriff's Dept. (408.293.2311) and the Assistant Superintendent of Student Services and Support.
4. The Request Gate Team will immediately proceed to the Main Gate to control student ingress and egress. Each person entering or leaving the campus shall be required to sign his/her name, and record address, telephone number and time entered or departed. The Main Gate should not be locked, as a locked gate may create a serious hazard for students leaving or attempting to re-enter the campus.
5. If students leave the campus, the Request Gate Team, in consultation with the School Administrator, will designate appropriate staff members to accompany them. These staff members will attempt to guide and control the actions of students while offsite.

6. Students not participating in the demonstration or walkout should be kept within their classrooms until further notice by the School Administrator. Teachers will close and lock classroom doors. Students and staff should be protected from flying glass in the event windows are broken, by closing drapes and venetian blinds in rooms so equipped.
7. The Documentation staff member should keep accurate record of events, conversations and actions.
8. All media inquiries will be referred to the Santa Clara County Office of Education Communications Department (408.453.6514)
9. The School Administrator should proceed in good judgment on basis of police or other legal advice, in taking action to control and resolve the situation.
10. The School Administrator will notify parents of the incident, as appropriate.
